REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

To the Shareholders
Arabian Internet and Communication Services Company
(A Saudi Joint Stock Company)
Riyadh, Kingdom of Saudi Arabia

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Arabian Internet and Communication Services Company (“the Company”) and its subsidiaries (together “the Group”) as at 31 March 2026, and the related interim condensed consolidated statements of profit or loss, comprehensive income, changes in equity and cash flows for the three-month period then ended, and the explanatory notes (“the interim financial information”). Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 – Interim Financial Reporting (IAS 34) that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410 – “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

1.2 Geopolitical developments

The Group continues to monitor ongoing regional geopolitical developments and their potential implications for the Kingdom of Saudi Arabia. The Group has in place robust risk management processes to identify, assess, and respond to any associated risks that may arise as the situation evolves.

For the three-month period ended 31 March 2026, these developments have not resulted in any material impact on the Group's interim condensed consolidated financial statements. No impairment indicators have been identified as a direct consequence of these developments, and the Group's operations have continued without material disruption.

Any potential long-term implications for the Group's business and financial performance will be assessed on an ongoing basis at each reporting date.

2. BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICY INFORMATION

2.1 Basis of preparation

Statement of compliance

The interim condensed consolidated financial statements are prepared in accordance with International Accounting Standard 34 ("IAS 34") "Interim Financial Reporting" that is endorsed in KSA by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements prepared in accordance with IFRS Accounting Standards that are endorsed in KSA and therefore should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2025.

Basis of measurement and functional currency

The interim condensed consolidated financial statements have been prepared on historical cost basis, except for financial assets classified as fair value through profit or loss ("FVTPL") which are measured at fair value.

These interim condensed consolidated financial statements are presented in Saudi Arabian Riyal (ﷻ), which is the Company's functional currency.

2.2 Material accounting policy information

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2025.

The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. The following amendments apply for annual periods beginning on or after 1 January 2026 but do not have an impact on the interim condensed consolidated financial statements of the Group.

- Amendments to IFRS 9 and IFRS 7: Amendments to the Classification and Measurement of Financial Instruments.
- Annual improvements to IFRS Accounting Standards Volume 11.
- Amendments to IFRS 9 and IFRS 7: Contracts referencing Nature-dependent Electricity.

2. BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICY INFORMATION (continued)

2.2 Material accounting policy information (continued)

New Standards, amendments and interpretations issued but not yet effective

The standards and amendments that are issued, but not yet effective, as of 31 March 2026 are disclosed below;

- IFRS S1 and IFRS S2: International Sustainability Disclosure Standards (Not yet endorsed by SOCPA).
- IFRS 19: Subsidiaries without Public Accountability: Disclosures.
- IFRS 18: Presentation and Disclosure in Financial Statements.
- Amendments to IAS 21: Translation to a Hyperinflationary Presentation Currency.

The Group intends to adopt these new and amended standards and interpretations, if applicable, when they become effective. Except as disclosed in the annual consolidated financial statements for the year ended 31 December 2025 in relation to IFRS 18, these standards are not expected to have a material impact on the Group at their effective dates.

3. SIGNIFICANT ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

The preparation of the Group's interim condensed consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses and assets and liabilities at the reporting date. Actual results may differ from these estimates. The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the latest annual consolidated financial statements.

4. REVENUE

The following is the analysis of the Group's revenue for the three-months periods ended:

14. SEGMENT INFORMATION

Information regarding the Group's operating segments is set out below in accordance with IFRS 8 Operating segments. IFRS 8 requires operating segments to be identified on the basis of internal reports that are regularly reviewed by the Group's chief operating decision maker ("CODM") and used to allocate resources to the segments and to assess their performance. The Group has therefore identified segments based on entity as the management reports of each of these entity are reviewed by CODM periodically. The existence of separate management responsible for each of these segments has been considered as one of the factors in identifying these operating segments. The Group has not aggregated multiple operating segments into a single operating segment.

The Group, through its segments is engaged in Information Communication and Technology ("ICT") services and some other related services and products. The major products and services from which each segment derives revenue are as disclosed below;

- Solutions by stc: Core ICT Services, IT Managed and Operational Services and Digital Services.
- GIZA Group: Core ICT Services, IT Managed and Operational Services and Digital Services.
- Contact Center Company: IT Managed and Operational Services.

Majority of the Group's revenues, income and assets relate to its operations within the Kingdom. Outside of the Kingdom, the Group operates through its subsidiaries. Revenue is distributed to an operating segment based on the entity of the Group. Sales between segments are calculated at normal business transaction prices.

21. FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – inputs other than quoted prices included in Level 1 that are observable for the assets or liabilities either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable input).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their level in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

	Carrying amount	Fair value			Total
		Level 1	Level 2	Level 3	
As at 31 March 2026					
Financial Asset					
Financial asset measured at fair value through profit or loss (Note 8)	144,880	-	-	144,880	144,880
As at 31 December 2025					
Financial Asset					
Financial asset measured at fair value through profit or loss (Note 8)	144,880	-	-	144,880	144,880

- Fair value of other financial instruments has been assessed as approximate to the carrying amounts due to frequent re-pricing or their short-term nature.

There were no transfers between different levels of the fair value hierarchy during the period.
